

Curriculum Vitae

Jason Cain General Manager – Colorado Springs

Jason possesses eight years experience estimating restoration projects, including fire, water, mold, wind, hail, and foundation loss. His background includes extensive restoration project estimating, sales management and services marketing. Jason's experience in servicing commercial emergency projects on the Texas Gulf Coast following Hurricane Rita, along with his personal experience with Colorado Fire Departments have driven home the importance of restoration work in the face of unspeakable loss. Through these experiences, Jason has a unique understanding of the customer during times of disaster and how to best help them recover quickly and cost-effectively.
