

Curriculum Vitae

Terry L. Shadwick
President. CEO

Terry has been actively engaged in the restoration and construction industry from his early years, first through his family's business, next through college coursework, and most recently professionally for eleven years. Terry's knowledge, professionalism, and passion for the Construction & Restoration fields have earned him a reputation as an industry expert. His professional knowledge has been gained through production experience, estimating, insurance affiliations, trade associations, and continuing education programs. Mr. Shadwick's professional opinions and advice are often sought by those within the general contracting and insurance, engineering, architectural, and restoration industries alike.
